

Strategic Facilitation Services

Submission deadline: May 7, 2024 – 12:00pm Pacific Time

Place of Work: Remote

Background

Stand for Her Land (S4HL) Campaign is a global movement to close the implementation gap for women's land rights: the gulf between the strong standards in place to protect women's rights to land, and the realization of those rights in practice, so that millions of women can realize the transformational power of rights to land. S4HL is represented by hundreds of individuals and organizations from 20+ countries across the globe.

S4HL seeks to ensure that learnings and knowledge from the campaign are shared broadly and built upon to further the movement. In this spirit, a learning strategy has been developed to enhance the effectiveness of S4HL by 1) identifying a set of questions that the campaign will prioritize and 2) describe how the campaign will generate and/or synthesize evidence and communicate findings to internal and external stakeholders.

One way in which information will be synthesized and communicated to internal stakeholders is through global learning webinars, which will take place on a quarterly basis. S4HL seeks expert consultation for the following services to enhance the preparation and implementation of global learning webinars.
